These dual function alarms are designed for use in special applications. The dual function feature allows the alarms to produce two distinct sounds. The first function is a standard back-up alarm "BEEP" which is selected when power is supplied to the red positive wire. The second function is an alternating tone which is selected by supplying power to the green positive wire.
 Dual Functions: 1) Standard SAE-approved back-up alarm "BEEP" 2) Dual tone: alternating tone from 1300Hz-1100Hz typical
