- **FEATURE TWO:** Auto Shut-Off

ADDITIONAL DETAILS

Toyota's heavy-duty Large Tow Tractor offers the same durable, productivity boost as the small and mid Tow Tractors, but with a maximum tugging capacity of over 50,000 lbs. The AC drive system enables quicker acceleration, excellent grade-ability, high top speeds, and extended peak operator time. With a tight turn radius, the Toyota Large Tow Tractor is ideal for maneuvering around planes, bag rooms, assembly line areas and ground-support equipment.
