ADDITIONAL DETAILS

Dock-to-Stock Solution

Narrow aisles? No problem, this forklift excels at the inside game. The Toyota Stand-Up Rider was built to fit in and stand out; nestling into aisles as narrow as 10 feet, carrying up to 4000 pounds, and reaching lift heights of up to 23 feet. Think dock to stock, multitasking, and indoor versatility. The Toyota Stand-Up Rider is ready to work as hard and long as you do, all while giving off zero emissions.
