### ADDITIONAL DETAILS

Snorkel material lifts do all the heavy lifting. From top to bottom, the robust telescoping mast system features heavy-duty yet lightweight aluminum. The line of high specification Snorkel material lifts are available in a rugged construction series as well as a mini series that features a reduced height mast to pass through a standard doorway. Quick-fold stabilizers come as standard and a dual-handle, shift-on-the-fly, two-speed winch lift materials quickly for increased productivity.
